NEW

CZ 457 ERGO

The CZ 457 ERGO is built on the popular and time-proven modular CZ 457 platform, enhanced with a new thumbhole-style stock inspired by the design of the CZ 600 ERGO.

This polymer stock, reinforced with fiberglass and equipped with a removable cheekpiece, offers excellent comfort and high durability while maintaining a very pleasant weight.

The CZ 457 ERGO is fitted with a cold hammer-forged barrel measuring 525 mm in length, featuring a standardized thread for mounting muzzle devices. It is available in a version with iron sights or a variant without sights, ideal for mounting a riflescope. For the version with iron sights, mounting holes can be covered with included plugs after the sights are removed.

MODEL	CALIBER (TWIST RATE) / NUMBER OF GROOVES	MAGAZINE CAPACITY	WEIGHT (kg)	LENGTH (mm)	BARREL LENGTH ("/ mm)	BARREL PROFILE	SIGHTS	THREAD	COMPENSATOR	STOCK	FINISH	CHEEKPIECE	LOP (mm)	TRIGGER	TRIGGER PULL WEIGHT (N)
